Body	Screen x 502, y 495.5 · 436 × 69 px · exact copy “You have not yet reached 192 credit points. Programming Project 1 is normally taken after two years of study. You can still continue with your study plan.” · Inter Regular 400 · 15 px · line height 150% (22.5 px) · letter spacing 0% · #6B7280.
Footer	Screen x 502, y 588.5 · 436 × 37 px · right aligned · 12 px gap.
Go Back	Screen x 674, y 588.5 · 92 × 37 px · padding 10 px vertical / 18 px horizontal · gap 0 · radius 8 px · #FFFFFF · 1 px inside border #1A1A1A. Label x 692, y 598.5 · 56 × 17 px · Inter Semi Bold 600 · 14 px · line height Auto · letter spacing 0% · #1A1A1A.
Continue Anyway	Screen x 778, y 588.5 · 160 × 37 px · padding 10 px vertical / 20 px horizontal · gap 0 · radius 8 px · #E60028 · no border. Label x 798, y 598.5 · 120 × 17 px · Inter Semi Bold 600 · 14 px · line height Auto · letter spacing 0% · #FFFFFF.
Internal vertical spacing	Header → body 24 px · body → footer 24 px · dialog bottom padding 32 px.

State / behaviour coverage

Shared states are references, not restatements

Coverage matrix

STATE	COVERAGE	ELIGIBILITY-SPECIFIC NOTE
Default	Approved exact values above.	Eligibility Warning is the approved default open state.
Hover	Use Section 04 common interaction states unchanged.	No eligibility-specific delta.
Pressed	Use Section 04 common interaction states unchanged.	No eligibility-specific delta.
Keyboard focus	Use Section 04 common interaction states unchanged.	No eligibility-specific delta.
Disabled	Use Section 04 common interaction states unchanged.	No eligibility-specific delta.
Selected	Not applicable.	These are momentary dialog actions.
Expanded / open	Approved modal state shown. Use Section 04 common modal open/focus/keyboard behaviour unchanged.	Eligibility warning is shown over the approved desktop screen.
Warning / modal	REFERENCE Developer Quick Reference for the non-blocking warning rule.	Continue Anyway remains available. Go Back returns without applying the attempted change.

Eligibility-specific behaviour

Sprint delta

Trigger and advisory outcome

NEW **Trigger condition evidenced by approved design**

Programming Project 1 has “Prerequisites: 192 Credit Points”. Show this warning when the student has not reached 192 credit points and attempts to select/add that course.

CHANGED **Eligibility delta**

The warning is advisory/non-blocking, consistent with the existing handoff. Continue Anyway remains available; Go Back returns without applying the attempted change.

REFERENCE **Shared modal and action behaviour**

Use Section 04 for common interaction states, modal open/focus/keyboard behaviour and the Developer Quick Reference for the established non-blocking rule.
